

# DAILY EXPRESS

THE WORLD'S GREATEST NEWSPAPER [www.express.co.uk](http://www.express.co.uk) PLUS SATURDAY JANUARY 3, 2009 75p

## ARRIVALS

### PROTECTION ON THE SLOPES

IF YOU are busy preparing to hit the ski slopes this winter don't forget that your skin needs just as much protection as if you were soaking up rays on a beach.

Snow reflects up to 90 per cent of the sun's rays so when heading off on your ski holiday, remember to pack your sun cream. For protection approved by the professionals try the new Sunpass Mountain Expert range, the first cosmetic skincare to be specifically designed for use in the mountains.

The range also comes with an endorsement from the Ecole du Ski Français, the largest ski school in France, and it's used by 15,000 ski instructors on the French slopes.

Products available include the Radiant Complexion Cream, which comes in both SPF20 and SPF50, and the Anti-wrinkle Cream SPF50 (pictured), both £13.50. Sunpass Mountain Expert products are available in all large Boots stores nationwide.
